FRANKS MAKES PITIFUL

PLEA TO MOOSERS

Artful Republican Speaker Talks Of Panic But Forgets to Mention Two Under Republican Rule

Ed T. Franks, the smartest stump speaker in the republican party, spoke to a crowd of about 150 people at the courthouse Satur day night in the interest of the Taft ticket. With an adroitness of which only a man of his acuteness is capable, he made it appear that all the prosperity the country now enjoys is directly due to the administration of President Taft. He did not even give Roosevelt the credit for having had any prosperity during his ad-ministration. He dwelt dolefully upon the panic during Cleveland's administration, and emphasized the fact that it was during a democratic president's term of office. However, he neglected to even mention what history records as the severest panie the country has even seen and the hardest times, in the year 1873 during a republican administration, or the panie of 1907, five years ago, when a republican president was also in power. In fact, Mr. Franks looked at but one side of the picture and often gave a very unfair presentation of that, for instance when he contrasted the prosperity of present times with times under Cleveland, and gave as an itlustration, the fact that there are so many automobiles owned everywhere in the country today. Of course, he couldn't have made a automobiles hadn't been heard of in and reference to them would rob Cleveland's day. Such arguments as he gave will deceive no one who takes the trouble to investigate.

The plea he made to the Bull Moosers to return to the old party was very different from the style of treatment the republican orators were handing out to the Roosevelt men a few weeks back in he campaign. They now see that they are defeated for the presidency and are simply trying to pell more votes than the Moosers; that's the long and short of the whole affair.

Accompanied by Dr. R. L. Davi-

son, Mr. Franks spoke at Liberty on Saturday afternoon when a big republican rally was held there in an effort to weaken the Moosers who are said to be very strong in Casey. A log cabin was raised on the fair grounds and free burgoo was served hich, of course, drew a big crowd. Dr. Davison is said to have made a rattling good republican speech.

Commonwealth's Attorney George D. Florence introduced Franks here as the strongest man for the republicans to nominate for governor next time and he pretty near is.

Some of the issues which have been raised in the present campaign which Mr. Franks took particular care not to mention in his speech here, were:

The charge made by Roosevelt that Taft having accepted a stolen nomination is not the man to give the country an honest administra-

The undenied charge that the big manufacturers, protected by the high republican tariff, which is endorsed by Taft, are selling goods they make cheaper in other countries than they do at home, such as farming machinery of all kinds,

sewing machines, clothing, etc. The charge that all of the bosses and others who have fattened on the common people are standing solid for Taft while the leaders of the working people and the working people themselves who understand conditions are for Wilson.

The fact that the honest business men of the country have no fear of a democratic adminstration, and that the democrats 'are standing solidly on the declaration that honest business must not be interfered with but must be nurtured and protected in every legitimate way.

In this connection, some questions and answers in Bryan's Commoner on the panic history of the country are not amiss and show up completely how one sided and false is the argument the republicans are making:

It came more than 10 years after a democratic president went out in 1897, and nearly six years before the inauguration of a democratic president in 1913.

Q-Why do the republican speak-

ROOSEVELT DELEGATE FOR TAFT

Letter of Wm. Hevburn. President Belknan Hardware & Manufacturng Company, and Roosevelt Delegate from Louisville to the Republican Harris, J. N. Menefee, S. J. Bell, N. Louisville, Kv. Oct. 25, 1912. National Convention.

Mr. Chas. L. Scholl. Louisville. Kentuckv.

My Dear Sir: Referring to your question as to what candidate I have decided to yote for, for President, at the November election. I would say that I am going to yote for Messis. Taft and Sherman, whom I regard as the regu-

ar nominees for the Republican Party. ty as can be seated in the machines.

This still will be a splendid opportunity for those democrats living in remote parts of the county to hear a summary of the political sitparticular policies or principles. I believe that with Mr. Roosevelt's co-operation it was possible for the Progressive element of the Republican Party to have nominated Governor Hadley or Senator Cummins to have mede any changes in the platform that might have been desirable to revised the rules so as to eliminate the authority of the National Cop mittee, where over such authority as they had might be abused, and more important than all, to preserve the integrity and usefulness of the Repub-

> Mr. Roosevelt's followers. by reason of their passionately stormy methods, used where no principles could possibly be involved with the same vehemence as where principles might be involved, destroyed my confidence in their level-headedness and good judgment. I was well prepared by what I saw at Chicago, for the lack of the sense of proportion that lead to the action of the Roosevelt supporters in undertaking to establish the Prepressive Party. lish the Progressive Party.

As for myself, I can see no hope of accomplishing progressive measures by this procedure, and grave danger of weakening the influence of the Republican Party for good along many lines.

The Republican platform relative to Tariff policies appeals to me with peculiar force. I have had the advantage of knowing something about the working effect of tariff schedules and tariff policies on business, and, without feeling intolerant of the opinion of other men, am satisfied that the Republican policy of protection is for the general interest as well as general prosperity. I believe that if Dr. Wilson is elected President, he will probably call an extra session of Congress, to revise the Tariff, and immediately business will stagnate. The demand for the products of the farm and factory will drop off, and the necessary accompaniment to this will be a falling market. If the Tariff schedules are so made as to threaten American producers with serious competition from abroad, where the price of labor is so much lower than here, the condition of stagnation will be permanent, or until the policy is changed. If the change made by such a special session is not such as to bring the American consumer into competition with the foreign producer, I can see no logic in changing the Tariff, hence the program of the Democratic Party becomes a futile one.

No one who is thoughtful can doubt that if the Democratic Party is elected to power by a large majority, as some claim it will be, it will be a very radical free trade, or, "Tariff for the revenue only Party. No honeved pre-election phrases of Dr. Wilson, delivered in Pittsburg to placate the voters in the district, where protection sentiment is supposed to be extensive, will change this fact. Those who vote for Dr. Wilson, should do it with the full knowledge of what it means, and should not vote for him unless they believe in the tariff for revenue only, which is the real meaning of the Democratic platform and the real intention of the Democratic Party. Those who believe in a protective tariff policy and expect to make their vote effective should in my opinion, stay with the Republican Party, whether in their opinion it is managed in every detail to suit them or not. No one who is thoughtful can doubt that if the Democratic Party is

THE DOCTOR'S QUESTION Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so ecrtain of their great remedial value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Old in Age But Modern in Ways

The FIRST NATIONAL BANK, of Stanford is the oldest institution in this section of the state, having been organized March 9, 1854. A bank to have stood the panies that have occurred in the past 58 years must be all right. This bank today is stronger and better than it ever was.

While old in age it is modern in methods. Our patrons, and they are many, will testify to the fact that we take care of them in a manner both pleasing and satisfactory.

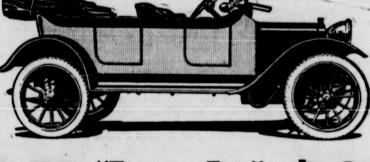

Your patronage is respectfully asked. Remember our pledge of courteous treatment and honorable dealings. Our directory includes some of the most prominent business men and farmers in this section of the county. Try us.

You Can Pay More---But What More Will You Get?

no car at any price is more staunchly or sturdily built; second, that if you do not buy an R-C-H you will not get as great a value anywhere else.

A CAR THAT IS CHEAP **ONLY IN PRICE**

The R-C-H marks the biggest re-adjustment of the motorcar values in years. But the price is made possible by two things—quantity production, and a systemitization of cost and factory problems such as we do not think the industry has ever before experienced. Our motto is: "Spend every dollar necessary for quality, but don't waste a cent." And it's wonderful what a difference the close application of that principle makes in the price of

LEFT-SIDE DRIVE---CENTER CONTROL

Any other than a left-side drive is an absurdity under North American road rules. It is a wonder that American motorists tolerated a right-side drive for so many years; a greater wonder that manufacturers retained it.

The drive of the R-C-H is left-side; the control is center lever-out of the way, yet convenient to the operator's right hand.

Greater accessibility; greater interchangeability due to the extensive use of drop forgings, ideal spring arrangement; perfect braking system—there are dozens of R-C-H features that must be seen to be appreciated.

Let us show them to you.

THINK IT OVER

Either Mr. Taft or Mr. Wilson Will Be Elected Presiden

In Kentucky, the Progressive Party will fall for short of securing the quired number of votes to qualify it as a political party within the provisions of our election laws. This is indicated clearly by their insignificant registration, and by the reports received by the Committee, of conditions throughout the State ..

Since the middle of September, the DRIFT HAS BEEN STEADILY TOWARD THE RE-ELECTION OF MR. TAFT and is INCREASING IN FORCE as the election draws near.

The reason for this is apparent to any one giving the matter a ment's consideration. CONTINUOUS EMPLOYMENT IS AT HAND for all those who desire to find it and REMUNERATIVE PRICES REWARD THE PRODUCERS. THIS MEANS COMFORT FOR THE PEOPLE GEN-ERALLY and accounts also for the absence of political excitement.

The VIOLATION OF THE MOST SACRED TRADITION OF THE REPUBLIC: opposition to a THIRD TERM as President for any man. and the ECONOMICAL THEORIES and VITAL CONSTITUTIONAL CHANGES involved in the candidacy of Mr. Roosevelt. are issues of extreme importance, but the fact that HIS DEFEAT IS CONCEDED BY ALL, except. his most ardent supporters, has to a large extent eliminated them from

THE RACE BEING BETWEEN THE REPUBLICAN AND DEMO-CRATIC CANDIDATES: our confidence that the good judgment of the people will lead them to RE-ELECT MR. TAFT is based upon the record: THE REPUBLICAN PARTY BELIEVES IN. AND WILL ADHERE TO THE PROTECTIVE TARIFF SYSTEM.

THE DEMOCRATIC PARTY BELIEVES IN TARIFF FOR REVENUE ONLY, which means FREE TRADE and, if placed in power, will, if true to their platform declaration seek at once to wipe out and DESTROY ALL ELEMENTS OF PROTECTION in our tariff laws. Their platform declarations of 1892 and 1912 on this question are identical and, in both, a PROTECTIVE TARIFF IS DENOUNCED AS UNCONSTITUTIONAL.

In 1892 the Democratic Party was successful upon this issue and they tried their hand on the tariff and the results are well remembered DISTRESS, MISERY, WANT AND ACTUAL STARVATION WERE GEN-ERAL THROUGHOUT THE LAND and continued until the election of McKinley and the restoration of the Republican Party to control. They. of course, try to explain and absolve themselves of responsibility for the result, but they cannot deny actual conditions as they existed during their complete control of the executive and legislative branches of our govern-

NOW THE COUNTRY PROSPERS. Business prostration in any line exists no where within its borders. The affairs of the government have been economically and efficiently administered. THE GOVERNMENT'S CONTROL OF TRUSTS HAS BEEN STRENGTHENED. A surplus remains in the treasury after the payment of all expenses. The trade of the country is larger than at any other period in its history.

A Republican Administration, with Mr. Taft as its head, has been and is now in charge. WE KNOW WHAT WE HAVE IN 1912. WE KNOW WHAT WE GOT AS A RESULT OF 1892.
